

Now Hiring: Alberta Field Director

Location: Province of Alberta

Type: Full-time Missionary

Start Date: To be determined with successful candidate

Posting Open Until Filled

One Hope Canada is seeking a Field Director to encourage, equip, and direct our Ministry Points and Community Ministries in the Province of Alberta.

This is no ordinary leadership role—it's a high-calling adventure in servant leadership. If you are passionate about sharing the Gospel and you thrive on investing in people, problem-solving, and growing ministries that reach children and youth, you might be the person we're looking for.

As **Field Director for Alberta**, you will:

- **Encourage** ministry leaders and teams across the province, helping them grow spiritually and practically.
- **Equip** camp and community ministries by offering hands-on support, guidance, and resources.
- **Direct** the mission of One Hope Canada in Alberta through visionary oversight, leadership development, and operational accountability.

This role is deeply relational, involving both virtual collaboration and on-the-ground leadership with in-person teams. You'll be part of a national virtual team of Field Directors and leaders, but also spend time on the road, visiting camps, building relationships, and encouraging front-line ministry teams. Extensive travel across Alberta is required.

You are:

- A **servant leader** with a passion for Christ and for making Him known.
- A **creative problem solver** who sees challenges as opportunities for growth.
- **Self-motivated** and comfortable working independently, yet you also thrive in team settings—both virtually and face-to-face.

- A **gifted communicator** with a pastoral heart, relational strengths, and organizational insight.

You bring:

- A **solid understanding of Christian camp ministry**, with 8–10 years of experience in a camp or similar Gospel-centered ministry.
- **Experience in non-profit/charitable ministries**, including working with boards, volunteers, and diverse ministry teams.
- A **heart for disciple-making, strategic thinking**, and a **desire to serve** others with humility and excellence.
